Dear Manlius ^{Planning} Board,

The undersigned are volunteers at the Woodchuck Hill Field and Forest Preserve which is owned by the Central New York Land Trust. We are thrilled that CNYLT has chosen to move their headquarters to the Preserve. We believe that this will enhance the significance of the property and benefit it by utilizing buildings that have been difficult to maintain and have been vacant for years.

Almost all of us live within 2 miles of the Preserve and have visited it countless times over the years. In the last three years we have dedicated over 3000 hours maintaining and beautifying the property. Having the Land Trust offices here will assure that the Preserve will be utilized to its full potential and properly maintained.

We urge the Town of Manlius to expedite the steps necessary so the CNYLT can move their offices to the Preserve.

Respectfully,

Bernard Schneider
