

Town of Manlius Police Department Annual Report 2015

TOWN OF MANLIUS POLICE DEPARTMENT

Chief of Police

The Annual Report for 2015 reflects the outstanding dedication and service that the members of our organization provide to you each and every day. As you will see, the Town of Manlius Police Department serves our citizens in many different ways, on many different levels. From the recognizable uniformed police officer, to the educational programming for our young school aged children, our members are on the front line to serve you.

Our jurisdiction enjoys so much of the best that Central New York has to offer. We continue to be an Internationally Accredited Police Agency through the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA), and a state accredited agency through the New York State

Accreditation Program. Professional standards build trust, and through these management models, we constantly strive for effective policing through the efficient use of our resources. We too have encountered the difficulties that come in this economic environment, yet we remain focused to deliver a product that you require of us, a safe community with a great quality of life. That is our mandate and we dedicate ourselves to that mission.

I am interested in what you think of our organization and your experiences with our members. We send five customer satisfaction surveys out every week, randomly pulled from our activity. Yearly, we partner with Syracuse University Maxwell School for an overall satisfaction survey from our entire jurisdiction. We not only ask for your thoughts about our performance, we ask what is important to you. I am happy to report that we receive overwhelmingly positive comments, but I am also happy to report that should an issue be in question, we address it immediately.

I invite you to review our accomplishments in 2015. Remember, when a criminal perpetrates a crime in the Town of Manlius, 58% of the time we solve it. Not only is that above the New York State average for law enforcement agencies, it is a testament to the tenacity, mission focus and dedication of this agency.

Again, it is a pleasure to serve as your Chief of Police.

Sincerely,

Francis R. Marlowe

Chief of Police

History

The Town of Manlius was established in 1794, is approximately 54 square miles and has a population of around 32,370 according to the latest census (2010).

The Town of Manlius is located in Central New York within Onondaga County, and is an eastern suburb of the City of Syracuse. The Town of Manlius is home to the villages of Fayetteville, Manlius and Minoa, and to the East Syracuse-Minoa and Fayetteville-Manlius School Districts. Within its boundaries are state parks, village parks, a medical center, shopping plazas, and recreational areas.

Prior to 1985, the three villages each maintained police departments which also provided police services to citizens residing outside the villages. In 1985, the Town and the three villages entered into a joint municipal agreement to provide police services for both town and village residents and became known as the Town of Manlius Police Department.

Today, the Town of Manlius Police Department serves over 32,000 residents, and is the primary full service law enforcement agency for the three Villages and the Town. The agency responds to an average of 13,000 calls for service a year, provides marked patrol services, investigative and juvenile operations, school resource officers and a vast array of services to the citizens of the jurisdiction.

Accreditation

CALEA Accreditation

The Commission on Accreditation of Law Enforcement Agencies (CALEA) provides international accreditation which is a proven management model that provides for the framework to ensure:

- Efficient use of resources and service delivery improvements.
- Policies and practices that are consistently reviewed and updated.
- Verification from independent outside assessors to ensure trust and transparency.
- Greater accountability within the agency.
- Reduced risk and liability exposure through policy and internationally accepted best practices.
- Community advocacy and involvement.

The agency has been accredited through CALEA since 1996. Every three years a team of CALEA Assessors arrive at our headquarters to conduct an on-site assessment of the department's written protocol, standard operating procedure, written reports, facility and personnel. They look at the avenue in which the department conducts day-to-day business both in house and out on the street to ensure compliance with the 464 standards of the law enforcement program.

In 2010, the department was honored with the coveted "Flagship" status which identifies the agency and its members as exemplary examples of law enforcement service. In December 2013, a team of Assessors recommended this agency for reaccreditation status again after a "perfect" on site assessment. The next scheduled on site assessment by CALEA is in December 2016.

New York State Accreditation

The New York State Law Enforcement Accreditation Program is a process that continues to evolve in ways that are consistent with the changing legal, social and fiscal developments. The process continuously evaluates and updates commonly accepted standards and provides a progressive and time proven way to improve overall performance.

In 1996, The Town of Manlius Police Department earned its initial New York State Law Enforcement Accreditation award and every five years undergoes an on-site assessment. The department was recently reassessed in 2011 and was once again recommended for reaccreditation. The department has received reaccreditation status continuously since 1996.

The next scheduled onsite assessment by New York State is in the year 2016.

In late 2014, a mutual aid agreement between the Town of Manlius and the Town of Dewitt Police Departments was agreed upon for investigating major accidents. This allows these two departments to share resources and equipment for better response times, as well as the costs for both personnel and equipment. This agreement was implemented in the year 2015.

A review of the total reported accidents for 2015 reveals the department has a slight increase of 2.6 % in preventable MVC's in comparison to the total number of preventable MVC's in 2014. This review also shows a 2.25% decrease in preventable MVC's when compared to the average of the past three years.

The Town of Manlius Police Department's continued goal is to ensure the safety of all motorists operating within the jurisdiction. To this end, traffic enforcement is a tool utilized by the department to reduce personal injury and property damage to the pedestrian, cycling and the motoring public.

In 2006, the Town of Manlius Police Department, initiated a multifaceted program to address aggressive driving traits. One of the ways the agency addresses these traits is to use statistical data from crash investigation reports. These reports are analyzed monthly for causational factors, locations, and times of occurrence and the data is then vetted for patterns. After a comprehensive review, a selective enforcement campaign then targets the top causes, locations, and times where preventable motor vehicle crashes (MVC's) are occurring. The program also looks at all neighborhood traffic complaints and targets these areas as well. These types of operations include public and social media campaigns, roadway signage, and strict vehicle and traffic enforcement. Aggressive driving includes failure to yield the right of way, following too closely, unsafe lane change, unsafe passing, disregard of traffic signals & signs, using electronic devices while driving, failing to signal and driving under the influence of alcohol and or drugs. Efforts targeted at aggressive driving violations resulted in an increase of 26% more tickets written for aggressive driving.
