

Town of Manlius Police Department

Annual Report 2018

TOWN OF MANLIUS POLICE DEPARTMENT

Chief of Police

January 1, 2019

Dear Residents:

The Town of Manlius Police Department continues to develop and enhance our commitment as the finest community policing agency in Onondaga County. Developments in stakeholder collaboration, technology and advancements toward proactive policing and problem solving have been tremendous; but our philosophy in service has not waived.

In 2018 we refined our mission statement with concepts drawn from our own membership. It now includes a reinforced commitment to communication, problem solving, the forming of additional partnerships all while earning the respect and trust of our community. We formed and met with a group of community members who provided input toward our new strategic plan, which I hope to unveil soon. We upgraded service equipment and established a new Unmanned Aircraft System (UAS) taking full advantage of cutting-edge technology. 2018 included the One Mind Pledge, a commitment toward establishing a Crisis Intervention Team (CIT). Concepts include forms of de-escalation and alternatives to arrest. We have trained five officers in CIT who can provide enhanced services to those suffering from mental illness. Everyday our officers are committed to their oath; the oath to serve as both guardian and warrior! 2018 was another year which allowed us to strengthen law enforcement legitimacy and broaden our overall commitment to excellence. As you can see by this report, 2018 was another busy year.

I am so proud of what we have accomplished, excited for our future and honored to serve as your Police Chief.

Sincerely,

Michael J. Crowell

Chief of Police

History

The Town of Manlius was established in 1794, is approximately 54 square miles and has a population of around 32,370 according to the latest census (2010).

The Town of Manlius is located in Central New York within Onondaga County, and is an eastern suburb of the City of Syracuse. The Town of Manlius is home to the villages of Fayetteville, Manlius and Minoa, and to the East Syracuse-Minoa and Fayetteville-Manlius School Districts. Within its boundaries are state parks, village parks, a medical center, shopping plazas, and recreational areas.

Prior to 1985, the three villages each maintained police departments which also provided police services to citizens residing outside the villages. In 1985, the Town and the three villages entered into a joint municipal agreement to provide police services for both town and village residents and became known as the Town of Manlius Police Department.

Today, the Town of Manlius Police Department serves over 32,000 residents, and is the primary full service law enforcement agency for the three villages and the town. The agency responds to an average of 20,100 dispatched calls for service a year, provides marked patrol services, investigative and juvenile operations, school resource officers and offers a vast array of services to the citizens of the jurisdiction.

Accreditation

CALEA Accreditation

The Commission on Accreditation for Law Enforcement Agencies (CALEA) provides international accreditation which is a proven management model that provides for the framework to ensure:

- Efficient use of resources and service delivery improvements.
- Policies and practices that are consistently reviewed and updated.
- Verification from independent outside assessors to ensure trust and transparency.
- Greater accountability within the agency.
- Reduced risk and liability exposure through policy and internationally accepted best practices.
- Community advocacy and involvement.

The agency has been accredited through CALEA since 1996. Annually, CALEA assessors conduct a remote assessment by reviewing selected standards. Every five years a team of CALEA Assessors arrive at our headquarters to conduct an on-site assessment of the department's written protocol, standard operating procedure, written reports, facility and personnel. They look at the avenue in which the department conducts day-to-day business both in house and out on the street to ensure compliance with the 344 standards of the law enforcement program.

In 2010, the department was honored with the coveted "Flagship" status which identifies the agency and its members as exemplary examples of law enforcement service. In December 2016, a team of Assessors recommended this agency for re-accreditation status after an on-site assessment. The Certificate of Advanced Meritorious Accreditation this agency received is its eighth successful assessment from CALEA. The next scheduled on site assessment by CALEA is in December 2020.

New York State Accreditation

The New York State Law Enforcement Accreditation Program is a process that continues to evolve in ways that are consistent with the changing legal, social and fiscal developments. The process continuously evaluates and updates commonly accepted standards and provides a progressive and time proven way to improve overall performance.

In 1996, The Town of Manlius Police Department earned its initial New York State Law Enforcement Accreditation award and every five years undergoes an on-site assessment. The department was recently reassessed in 2016 and was once again recommended for reaccreditation. The department has received reaccreditation status continuously since 1996.

The next scheduled onsite assessment by New York State is in the year 2021.

Family Services Officer (FSO)

The Family Services Officer (FSO) has primary responsibility for family and juvenile matters to include investigating crimes perpetrated by or against juveniles, child endangerment and neglect complaints, domestic violence incidents and investigations into complaints of elder abuse or neglect. This position allows for an officer to receive specialized training to better equip them to effectively handle sensitive matters involving juveniles, victims and the elderly population. Many crisis' involve long term assistance and guidance which may not be conducive with the daily schedule of patrol officer. The FSO has the resources, time and dedication to fully focus on the needs of these individuals.

The FSO is responsible for implementing programs designed to prevent delinquency, substance abuse and victimization along with responding to the request for education and specialized presentations from community groups. On October 1, 2018, NYS legislation was enacted to raise the age of juveniles from 15 to 16. The legislation was passed based on data that show that the human brain is not fully developed until around age 25. Because an adolescents brain is still developing, behavior, personality and character traits are highly receptive to changes. Because of this, adolescents respond well to interventions, learn to make responsible choices, and are likely to grow out of negative or delinquent behaviors.

In 2018, TMPD responded to 601 calls for service that involved a total of 960 juveniles. 48 % of these juvenile contacts are aged 12-15.

The chart below shows the different types of juvenile involved incidents. This agency arrested a total of 38 juveniles in 2018, and 15 of these cases were forwarded to Family Court and one was forwarded to Adult Court.

- Collection & Preservation of Evidence
- Traffic Enforcement
- Accident Investigations
- Neighborhood Patrols
- Bicycle Patrol
- Community Oriented Policing Initiatives

A review of the total reported accidents for 2018 reveals an increase of 2.0 % in preventable MVC's in comparison to the total number of preventable MVC's in 2017. This review also shows a 2.3% decrease in preventable MVC's when compared to the average of the past three years.

The Town of Manlius Police Department's continued goal is to ensure the safety of all motorists operating within the jurisdiction. The department utilizes traffic enforcement as a tool to reduce personal injury and property damage to the pedestrian, cycling and the motoring public.

The Town of Manlius Police Department maintains a multifaceted program to address aggressive driving traits. One of the ways the agency addresses these traits is to use statistical data from crash investigation reports. These reports are analyzed monthly for causational factors, locations, and times of occurrence and the data is then vetted for patterns. After a comprehensive review, a selective enforcement campaign then targets the top causes, locations, and times where preventable motor vehicle crashes (MVC's) are occurring. The program also looks at all neighborhood traffic complaints and targets these areas as well. These types of operations include public and social media campaigns, roadway signage, and strict vehicle and traffic enforcement. Aggressive driving includes failure to yield the right of way, following too closely, unsafe lane change, unsafe passing, disregard of traffic signals and signs, using electronic devices while driving, failing to signal and driving under the influence of alcohol and/or drugs. Efforts targeted at aggressive driving violations resulted in an increase of traffic tickets written for aggressive driving.
